# WOODEN WHEELCHAIR BUILDING DAY

*"In order to understand something you should know how it's made, how to build it, and thus how to fix it."*

Join the Adaptive Outdoor Education Center and Erik Kondo for a wooden wheelchair building day! This will be a fun and educational day learning how to build a low-cost, capable wheelchair as part of our Adaptive Mobility Initiative.

Please reach out to McKenna at [activitiesAOEC@gmail.com](mailto:activitiesAOEC@gmail.com) with any questions and to register!

**WHEN:**  
January  
24th & 25th

**WHERE:**  
AOEC Brunswick  
675 Old Portland Rd  
Brunswick, ME
